

# How to: Run a Scan

Enterprise Content Operations

Exported on 11/14/2022

## Table of Contents

No headings included in this document

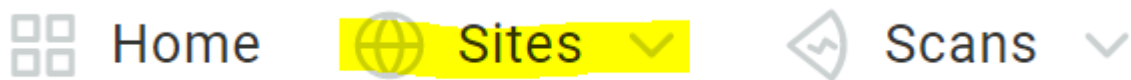

**Purpose:** Burp Suite runs scans to determine the amount of threats present on a site. These scans can be scheduled to run on a specific date, or can be run on demand. This document will show you how to run a scan on demand.

### You Will Need:

- Burp account

### Process Steps:

1. From the landing page ([Home \(regn.net\)<sup>1</sup>](https://alawpburps301.risk.regn.net:8443/)), click on sites.

2. From the OKC folder, click on a site you would like to scan.

▼ OKC				
Accuity Bankers ...	1	2	Scanned Saturday 13, at 8:05 AM	Bar chart, Refresh, Delete
Bankers Almanac	1	2	Scanned Friday 12, at 12:28 PM	Bar chart, Refresh, Delete
Court System QA	1	2	Scanned today, at 10:48 AM	Bar chart, Refresh, Delete

3. Click on the highlighted symbol on the right hand side to begin a new scan.
4. Navigate to the bottom of the page, then hit save. No options need to be changed on this page.

☐ Repeat every
 

1

days
